SIZE CHARTS

HEADWEAR HOW TO MEASURE

- Using a tape measure, position it around your head approximately one-half inch above your eyebrows, where your hat will sit.
- Ensure the tape measure is straight and not twisted to obtain an accurate measurement.
- If a tape measure isn't available, use a piece of string to encircle your head, then measure the length of the string with a ruler.
- If uncertain about the size or in between sizes, opt for the larger size to ensure a comfortable fit.

SHAPES

FULL PRO

Our Full Pro shape delivers a modern athletic look with its structured, 6 panel crown shape, slightly wider front panels and full depth back panels. Usually comes with our Pro U-Form bill.

FULL PRO2

Our new Full Pro2 shape features a six-panel crown with slightly wider front panels and full depth back panels similar to our original Full Pro shape, but with a flatter top and sharper front. Typically offered in combination with our Pro U-Form bill.

HIGH PRO

This structured, 6 panel, high profile crown shape, first made popular in the mid 70's, offers taller front panels with shallower and sloped back panels and usually has a flat, standard shape bill.

MID PRO

This is our most popular Pro Model shape with its slightly rounded, structured front panels. Not too high, not too low, just the right shape. This shape is used across several categories and comes in a 6 or 5 panel version and is available in different bill shapes and curves.

LOW PRO

Our Low Pro shape is a lower profile version of our 6 panel, Mid Pro shape. With structured front panels that slope back and a slightly shallower crown depth, this shape delivers a clean, tailored look. Always uses our standard pre-curved bill.

RELAXED

Commonly referred to as a Dad hat, this unstructured, 6 panel, low profile shape with a precurved bill is a comfortable look for any age group.

CHAMP

The Champ offers a bold new shape with a taller, structured 5 panel pinch front, flat top and sloped back panels. Normally comes with our standard pre-curved bill.

GRAMPS

This semi-structured, five panel pinch front shape is intended to look a little wrinkled and untailored just like your grandpa's cap.

SMART 7

This structured, 7 panel shape is distinguished by a full width front panel and curved top seam, typically paired with a flat bill, for a contemporary look.

CAMPER

The Camper is a low profile five panel shape with solid front panels that can be lined or unlined. A flat bill and two side eyelets are distinctive features of this outdoor headwear staple.

INDEX

Y Available in Youth size. **S** Available in Small size. **XL** Available in X-Large size.
